YOUR
SPECIALIST
FOR SMALL TO
MEDIUM-SIZED
BATCHES

THE CHALLENGE? DYNAMIC MARKET, SPECIFIC DISEASES, SMALL VOLUMES.

STRUCTURED FOR
STABILITY, DESIGNED
FOR FLEXIBILITY:
OUR FOUNDATION FOR
DYNAMIC MARKETS.

The introduction of new active substance classes in small annual volumes require the highest flexibility and precision at a high speed.

Our response: More precise, smaller batches, and lower quantities.

At BAG Healthcare, we specialize in responding to these demanding requirements. As a leading provider, we offer customized solutions that are precisely tailored to the specific needs of our customers. Our expertise enables us to produce high-quality products in small to medium quantities. We excel not only in providing standardized solutions but also in focusing on individual quality, timely delivery, and meeting specific customer requests. This commitment ensures every patient receives precisely the medication required.

WE FIND SOLUTIONS! LEADING TO SUCCESS!

- Focus on fill-finish processes for small to medium-sized parenteral products, including freeze-drying, for international markets.
- Flexibility and robust processes ensure customized solutions for each customer.
- Leading our clients to success is our mantra - we provide the required quantities, in the best quality, exactly at the agreed time.
- Living customer partnerships from small to large clients.
- Project-specific managers oversee the product from the start.
- Expertise in our team of highly skilled scientists and technical staff addresses specific customer and product needs.
- Rapid decision-making and efficient processes allow for flexible responses to both planned and unforeseen customer needs.
