

SIDEFARMA
MANUFACTURING HEALTH

About us

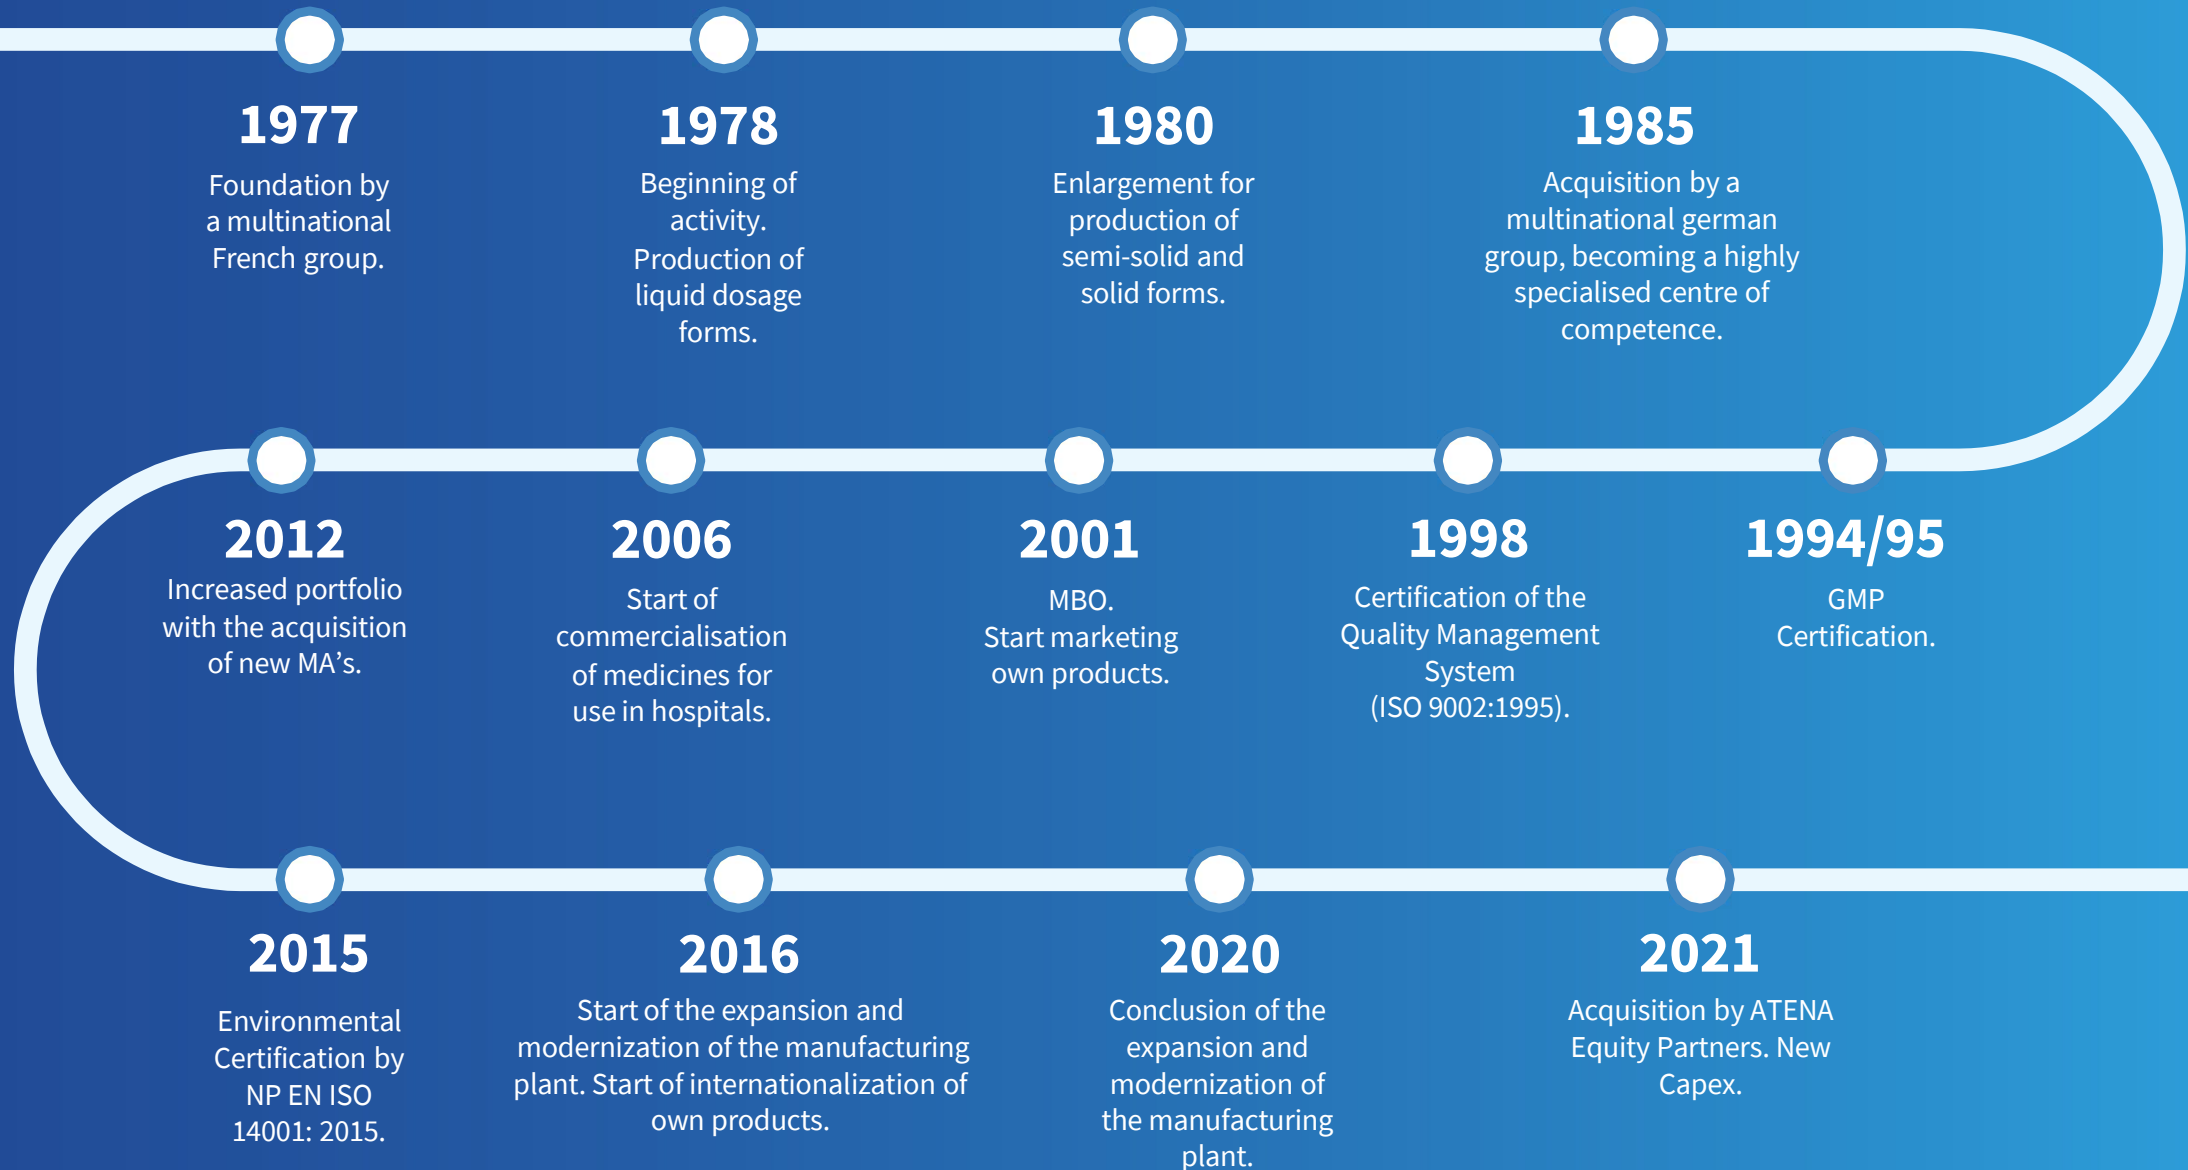

Sidefarma is a portuguese pharmaceutical company dedicated to contract manufacturing and marketing of pharmaceutical products.

Sidefarma is a CMO specialized in the manufacture of small and medium size batches for pharmaceutical companies across the world in regulated markets following European quality.

We are looking to expand our **CMO services**, and we are also determined to strengthen our business through **in/out licensing partnerships**.

In and Out Licensing

We currently distribute our products in more than 20 countries across Europe, Middle East, Africa, Latin America and Asia.

We also distribute third-party medicines and other health products in Portugal.

In Licensing

We are constantly looking to increase our product portfolio.

Out Licensing

We are actively looking for new partners to license our products.
